

COUNCIL – 7 JANUARY 2019

STATEMENT BY LEADER OF THE COUNCIL

ECONOMIC DEVELOPMENT

New and inward Investment

Subject to contract the Council awarded its first formal offer of Business Enterprise Zone- Business Rate Relief to an expanding online enterprise proposed for Scarborough Business Park and comprising of a new 10,000sqft warehouse operation.

Coastal Regeneration

On the 13 December 2018 Scarborough Borough Council hosted a delegation from the House of Lords Select Committee on Regenerating Seaside Towns and Communities. The Select Committee visited Scarborough following receipt of a report submitted by SBC to their call for evidence in October 2018. On the day of the visit members of the committee heard further oral evidence from SBC, ERYC, NYCC, the NHS and Scarborough UTC and visited a number of sites around the borough. The select committee was impressed with the positive approach that had been adopted by the Council in addressing regeneration activity to date and recognised the need to work together to ensure the future prosperity of our coast.
